Covid 19 Studio Policy Addendum

Although we hope the worst is behind us, parents and students should be prepared for future shut-downs and quarantines. When in-person lessons are not possible, FaceTime or Zoom lessons will be available. Please have the physical set-up ready before needed. Students will need a phone, tablet or computer set up at one end of the piano. Please see the photos on the following page.

If online lessons are offered and declined, missed lessons will not be made up. This option should be considered when either teacher or student have symptoms that prevent in-person lessons.

Please complete this form, initialing the option you choose, and return at your next lesson.

If health concerns temporarily require on-line piano lessons, my student will

_____ continue piano lessons using Zoom/Facetime/other

_____ cancel piano lessons but continue to pay for missed lessons

_____ discontinue lessons until in-person lessons are available. I understand that my lesson time slot will be made available to another student. Teacher cannot guarantee a time slot will be immediately available when in-person lessons resume.

Student Signature (or parent if student is under 18) Date
